- T.I.M. Court evaluations for Drug Court

Average number of assessments = 600 per year

Psychological Assessments 1991 - 2011

■ Number of Evaluations

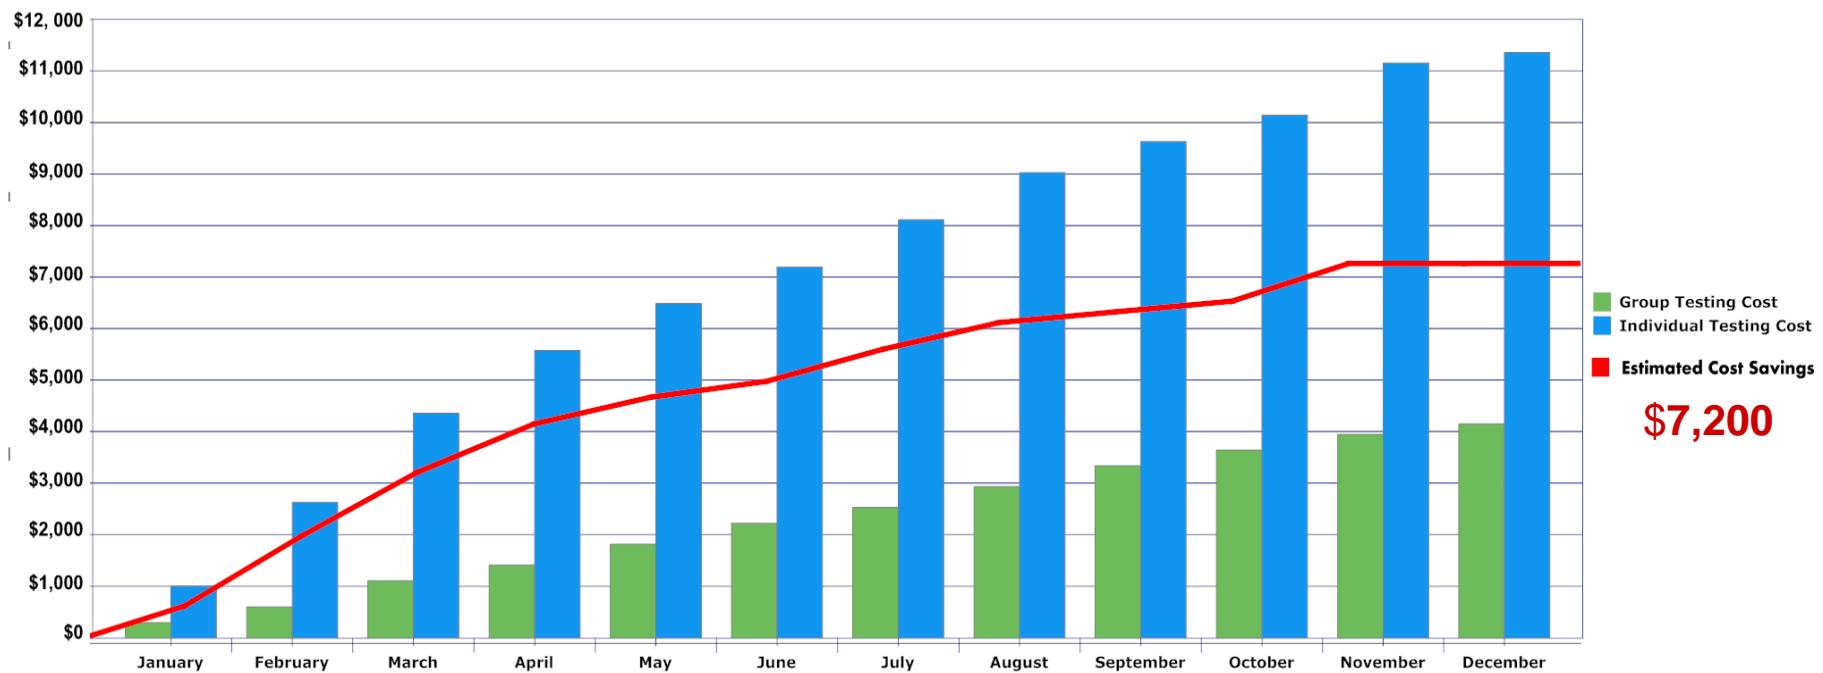

Cost Benefit of In-House Psychological Assessments

- Psychological assessments conducted by independent practitioners average \$300 per hour \times 6 = \$1,800
- In-house assessments are a fraction of the cost (\$345), thus Psychological Services offers a considerable cost savings to the Court.

Ψ

Group Testing

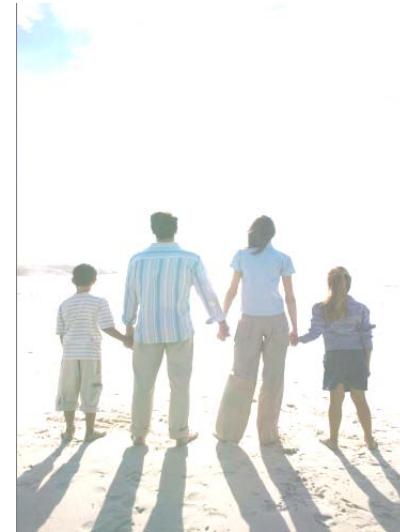

2011 Monthly Cumulative Total

Group testing offers significant savings to the Court.

Ψ Group and Individual Counseling

- Family and individual counseling provided for youths on probation
- Individual counseling provided for adults on probation
